Subject: Re: NG PCB cleanup work

Good morning Ed. I spoke with Jim Haklar, and we were wondering if it would be ok to push the meeting up to the following Monday, May 2nd. Jim would be able to come into the NY City office on that day, and we could meet you face-to-face at 11:00 am. If May 2nd doesn't work for you, May 3rd also is workable for us. Please respond to both Jim and myself regarding your availability. If you are interested in bringing slides or other materials that would require electronic equipment, please let us know and we can arrange for it. Also, if you can please send us a brief agenda or list of possible questions, that would be helpful for us in preparing for the meeting.

FYI, I will be on travel the remainder of this week, and I do not anticipate that I will have access to my email messages. I expect to return to the office on Monday, April 25th.

I look forward to meeting with you.

Thanks,
Carol Stein, P.E.

Jim / Carol

Actually Next week works well for the NG team.
We are hoping it can be in person. Say either Tuesday or Monday or Thursday of next week. (That order)
We will come to you. I expect we can cover all the concerns in 90 minutes.

Thank You
Ed Hannon
Manager ESH&M
Northrop Grumman
516-575-2333

Hi Ed - I look forward to coordinating with you and Jim Haklar on this. FYI, I plan to be on travel and for most of the remainder of this week. If you would like to discuss before next week, and if Jim is available, I can be reached either until 4:30 pm today or from 8:00 am - 9:30 am tomorrow morning. Otherwise, if you email me your availability for next week, I can coordinate with Jim on a schedule for our joint discussion.

Thanks,
Carol Stein, P.E.

Hi Ed

I picked up your voicemail regarding contacts for TSCA reviews of planned work at Northrop Grumman for PCB-contaminated soils.

You should coordinate with Jim Haklar (copied here) through Carol. It may be helpful for the three of you to get on a call together for some initial coordination. If you would like that let us know your availability and Carol can check in with Jim on his availability.

Of course feel free to contact me if you need my input on this or anything else.

Doug
